

MULTIPLICITY PARTNERS

PROVIDING LIQUIDITY *AND* CREATING VALUE *IN* ILLIQUID ASSETS

Multiplicity Partners manages funds specialised in providing liquidity to holders of private market funds and distressed assets. The firm also offers a range of advisory and governance services across alternative assets.

POSITIONING

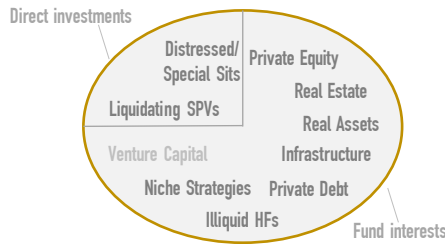

- Invest at intersection of private market secondaries and special situations
- Focus on smaller deals not pursued by most secondaries funds
- Uncover value in complex or encumbered assets

INVESTMENT STRATEGY & UNIVERSE

- Cast a wide net, but focus on mature to tail-end funds/assets
- There are no bad assets, just bad prices
- Look for assets with no coverage
- Special Situations where EBITDA multiples do not define value
- Our forte isn't underwriting growth

Focus on assets with visibility on cash flows/exits, hence less on VC

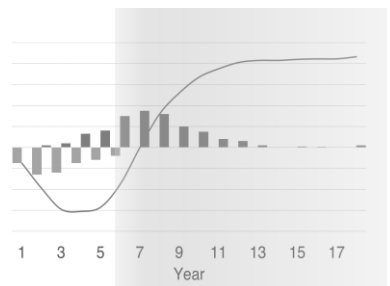

Global coverage incl. EM, less focus on US

Avoid the crowd

	Competitors' focus	Our focus
Deal size	Larger	Smallest tickets (<\$5mln)
Performance	Top quartile	Bottom/third quartile funds
Risk	Low risk	High risk, incl. legal risks

Mature to tail-end funds or liquidations
